Minimum Order Quantity (MOQ)	2 bays
Standard Lead Time	7–14 working days
Warranty Coverage	24 months structural warranty

WHS-1800 Safety & Structural Advisory (WHS-SAFE-04)

Important Load Rating Information:

The WHS-1800 rating is 1,800 kg UDL for the ENTIRE BAY. It is NOT a per-shelf rating.
Distribute total pallet mass evenly across all loaded beam levels.

Installation & Floor Suitability:

Anchor bolts are required for safe operation and are SOLD SEPARATELY.
The installer must verify concrete-floor suitability and floor thickness before the rack is used.

Docklane Support & Engineering:

Docklane Material Handling, Peenya Industrial Area, Bengaluru, Karnataka, India.
Delivery available across India. Installation depends on site conditions.
